The Pomeroy scarecrow trail makes a return in 2021. In 2020 we had 32 scarecrow displays in and around Pomeroy. In 2021 it will take place from Monday 18th October – Monday 1st November. We are therefore inviting households, businesses, schools, religious organisations, community organisations to take part in 2021. To register your scarecrow display please complete the online registration before Monday 11th October to allow us time to collate the scarecrows display and produce a scarecrow trail map.

Bales of straw are available for those producing scarecrow displays and these are available from the polytunnel behind the Rowan Tree Centre

If you would like to get involved please register your scarecrow at <https://forms.gle/wDAhrmT2Cbe4YdhMA>

If you wanted to view the scarecrow trail from last year please visit the Facebook page where there is a little video from last year [\(1\) Pomeroy People & Place | Facebook](#)

Local Launch of the Synodal Pathway – October 17th

This weekend in Rome Pope Francis will launch a new time of reflection for the whole Church based on the theme "For a synodal Church: communion, participation, mission".

The local launch of this process will take place in every diocese and parish around the world on Sunday October 17th. At all Masses a Pastoral Letter will be read, special Prayers of the Faithful will be offered and the prayer for the success of the Synodal Pathway will be said.

The word synod means “walking together”. It indicates a way of being Church that will help us to make decisions together; decisions that will help us to face the challenges of life in the 21st century.

Over the next four months the Church worldwide will be consulting all its members on their experience of the decision-making processes within the Church and how we are working together to achieve our mission. This will be done by means of questionnaires, online and in person discussion, and through social media. More details will be announced later. You are all invited and welcome to participate and engage in this process.
