Mid Ulster Agewell is a partnership covering the Mid Ulster Area working together to improve services for vulnerable older people in our community. We have 3 main projects. The Good morning telephone call operates Monday to Friday 8.30am to 12.30pm. The call reaches out to those who may be isolated, lonely or simply would benefit from more social interaction through the call. This call also can act as a medication and appointment reminder. This call is also very beneficial to find out information on events that may be taking place within your own community. We also have the Home Maintenance where we have 2 handymen who can complete home security checks and install items such as smoke alarms, carbon monoxide alarm ect. Also completing any small jobs around the home. Then lastly we have a Community Engagement worker who can come along to any community group and deliver a presentation on home security and help signpost to other support services. To make a referral for any of these services please phone 028 796 32170.
